SIR,

I have the honor to submit herewith for the information of Government notes of my inspection of the Kolasa temple Mudigere taluk. The Kolasa temple seems to have been examined in detail in April 1924 by the then Deputy Commissioner, Shimoga Division but not since and the present condition of these ancient temples seems to be greatly neglected.

I have the honor to be,

Sir,

Your most obedient servant,

Muzrai Commissioner.

Inspection notes of Sri Kalaseswaraswami Temple at Kalasa, Mudigere Taluk.

Date of inspection 13th April 1928

Buildings:- This is one of the richest major temples in the State and the only premier major institution in the Chikmagalur District.

The temple is in two blocks.

Block 1.

This faces east. The main building is of stone. It is enclosed by a tiled verandha on 3 sides and the front portion i.e the mahadwara is of stone. Sri Kalaseswaraswamy is consecrated here. The open space around within this block is paved with stone.

Outside the north is the temple of Sarvangasundari Amma. The garbhagudi is of stone and in front is a tiled Gable verandah. In front of this temple is the temple of Kshetrapala Bhuta. To the south running from east to west is a tiled verandha which is used as the Yegasala and kitchen. This is reported to be leaky.

The Dept will have to arrange for the necessary repairs

Just in front of Block 1 at a distance of about a 100 yards is a bath room recently constructed at a cost of Rs.400/-. For the use of the temple archaks. Block 1 is in good repair.

Block II

From Block 1 there is a door opening into Block II on the north. This is called "Anedevar katte". It faces west and is rectangular. In the centre of this block is the Ramamandiram. This is a stone building and has been recently repaired. It consists of central hall and two rooms. The floor is paved with tiles flooring ~~titles~~. Two deities are installed-which go by the name of Anedevar. There is an upper floor. It also needs repairs. Planks here and there are much worn out.

~~At a distance from the main building, there~~

An estimate is stated to have been prepared by the P.W.D. 3 years ago. This should be expedited.

At a distance from the main building there are the following subordinate temples.

(1) Bindumadhavaswamy temple and Durgadevar temple.

This is situated to the north at a distance of about a 100 yards. The Garbhagudi is of stone and is reported to be leaky. Over it there is a country tiled roofing. This is in a state of dilapidation. Durgadevar temple is also closeby. An estimate is also stated to have been prepared and pending with the P.W.D.

(2) At a distance of about a furlong from this temple, Bhairavadevar is installed on a stone pedestal. This has no building but is in the open. About two furlongs from this place on the bank of the river Bhadra is --- Vasistasrama Ganapati. The building is reported to have come down in the floods. The deity is installed on a stone Pedestal. A new temple is built for this deity at a cost of 1276/-. The deity, will be shifted to this building. The pratishta ceremony should be done before Vaisaka.

No orders required

SriGirijamma temple is near the Travellers' Bungalow, a few yards from the main Bazzar street. This has been repaired some two or three years ago. It is in good - repair. There is a small mantap called Mangina Katte in the Bazzar Street. This is in good repair.

Two water taps have been put up. One within Block 1 and another near Bindumadhavaswamy temple. Near the flight of steps leading to Anedevar katte is the car-shed.

in this village. These are Mavinakere, Attikonda --- Hachinakal Jakkankodige Hirikere, Kalludi + 60 acres Badne land in Kumro Estate Muthukere Estate is included among the lands given as inam

(b) In Totadur village 1482 Ac. 2 guntas are endowed, 535 A.C. 31 Guntas assessed at 797-9-0 are under --- occupation.

(c) In Talggod village 386 Ac. 28 G are endowed. The entire extent is unoccupied.

The aggregate extent of land and the area under - occupation ~~are~~ are as noted hereunder:--

Out of the 10928 Ac. 30 G of un-occupied land 6777 acres have been converted into a 'Reserve Forest' by Government in the following notifications.

1. 1981 acres (vide note No.G.10194 Ft.267-27-5 dated 6-3-28) Talgod Block.
2. 1026 " (vide note No.10193 ft.267-27-4 d/ 6-3-28) Karumane Kalgod Block.
3. 649 " (vide note No.10192 ft 267-27-3 d/ 6-3-28) Devarbetta block
4. 2461 " (vide note 10196 ft 267-27-7 d/6-3-28 Balagi Block.
5. 660 " (vide note 10195 Ft.267-27-6 dated 6-3-28 Totadur Block.

Total 6777 acres.

Deducting the area ~~connected~~ Converted into 'Reserve Forest' from the unoccupied extent, there remains 4151 Ac. 5 Guntas available for cultivation. How much of this will be fit for cultivation has to be ascertained -- after the survey Records are corrected. Having regard to the fact that some of the most valuable coffee --

estates have been formed out of inam lands belonging to the temple it is desirable to offer facilities for more lands to be brought under cultivation and at least 1000 acres more may be brought under ~~coffee~~ Coffee cultivation. On 31-3-28 eighteen darakhasts for an extent of 182 A. 5 G. were pending disposal. A list of darkhasts --- pending disposal is put up herewith. Darakhasts ---- received for the temple lands are at present referred to Hobli Sheikdar for investigation and report. As ~~this~~ this Sheikdar has to attend to other darkhasts also he takes much time over the matter. The present temple Peshkar was it appears a shekdar for about 6 years and so he must be well conversant with inspection of lands etc., All darkhasts for temple lands may be referred to him for enquiry and report. He may be given a monthly allowance of Rs. ~~1500~~ 15 or Rs. 20 for this work. This will ~~in a~~ help speedy disposal of darkhast and will be a sort of inducement for others to apply for more lands. This experiment may be tried tentatively for one year to begin with.

In consideration
II
I do not think this is a satisfactory arrangement - It seems to me to be unnecessary to entrust the Peshkar with the work of investigation in darkhasts - Application of the Hobli shikdar is needed to attend to the work now as hand. It may be worth while to appoint an additional shikdar temporarily to inspect and dispose of the darkhasts - This point may be examined

Nine survey nos. in the inam village of Mavinakere are in the possession and enjoyment of persons who pay only the survey valuation and cesses. The temple is

is not deriving any income from these S.Nos. All the lands are in the khate of the deity. It is not known as to how these people came to possess these lands . These lands are in the possessions of 7 persons. Only 6 of these are serving in the temple. The other is a widow. Owing to the water supply to the Kalasa town, the water supply of the lands is affected. This should be investigated.

The Deputy Commissioner Kadur District during his inspection of the temple in April 24 has noticed this irregularity and has stated that the Amildar has been instructed to investigate the matter and to submit a report. Whether any investigation was held and if so what the result is are not known. Field Nos. and names of persons in the possession and enjoyment thereof are noted hereunder

S.No.24 Ugranada Subba
S.No.35-38 Subba son of Kasi
S.No.35-39 Podayana Subramanya Shastri
S.No.56-62 Kattige Ramachandra "
S.No.65 Nagappa, Krishna and Parvati
S.No.64 Kattige Subanna
S.No.68 Kalingana Nagappa

It is ascertained that one Angadi Nagappa has built a house on S.No.25. This house was built several years ago. No action is taken in the matter by the Revenue authorities. On 30-6-27 the arrears of assessment on the above lands were 129-1-2. S.No.26 1 Ac.11G has been unauthorisedly cultivated. These are all put on the Takrartakhta which are pending for a long time.

The arrears of assessment on the inam lands under occupation in the 3 villages on 30-6-27 were Rs.1143-7-3.

Fully assessed lands.

S.Nos.51 & 52 measuring 0-19 guntas and assessed at 1-4-0 in the khate of the deity are in the possession and enjoyment of one Kettige Subba who pays only the survey valuation. The temple gets nothing. The wrongful enjoyment of these S.Nos. has been noticed by the Deputy Commissioner Kadur District during his inspection in April 24. Nothing has been done to resume these S.Nos.

Inam lands in Koppa Taluk.

S.No.2, 26 and 44 measuring 21 acres 26 guntas and assessed at Rs.52/- in the village of Yelemadlu, Koppa Taluk

have been leased for Rs.129/- for a period of 5 years i.e. 24-25. These lands are in the khate of the deity. Gutta amount is regularly received and credited to temple funds.

In the scale of income and expenditure of this temple sanctioned by Government in order No. ~~2049~~ 2409-10 Muz.31-24-7 dated 30th June 1927, the average income from this source is entered as 3754/- per annum. According to the audited accounts of 26-27, a sum of 21264-10-0 has been credited to the funds of the institution being the sale proceeds of sandalwood. The period to which it pertains is not known and will have to be ascertained from the District Forest officer Kadur. Sandalwood Revenue.

In the revised scale of expenditure sanctioned by Govt. in the order quoted above-provision is made for the entertainment of a Forester on 40+10 and 2 forest guards at 15+3 each per month from 1-7-27. The Forest staff is working from the commencement of this year. The Forester says he has despatched to the Chikmagalur sandalkoti 3 tons of Sandal wood and that 2 more tons have been collected and will be sent to the koti early. The Forester estimates the average annual collection of sandalwood at 5 tons. Calculating the price of sandalwood at Rs.1600/- per ton, an average income of Rs.8000/- a year may be expected from this source. The Forester seems to be labouring under certain difficulties. He says that it is difficult to recruit labor locally owing to the existence of a number of coffee estates all round, and that if facilities are afforded to him to go out to recruit labour, he will be able to collect more. As nothing has been provided for his travelling expenses etc., in the sanctioned scale, he cannot go out. A reference may be made to the Conservator in the matter.

A sum of Rs.34,800 from temple funds has been invested in securities as noted hereunder:-- Income from interest on investments.

(1)	3½% of Govt of India notes of	1879	5700
(2)	do	1865	8300
(3)	6¼% State Loan of	1940	20800
			34800

The income from this source per annum is 1786-15-6.

Government in their order No.3362-5/Muz.514-19-5 dated 4-4-20 sanctioned a loan of 15000 rupees from Income from interest on loans lent to private bodies.

from kalasa temple funds at 5% per annum repayable in 10 equal annual instalments to the Sri Sivaganga Matt -- at Nelamangala for constructing a Hostel in Chamarajpet Bangalore City. Only two instalments have been recovered till now.

The Muzrai Commissioner in his No.970* of 25-6 dated 12-4-27* to the Secretary to Govt Financial Department --- states that the instalments due by the Sivaganga Matt have fallen into arrears as the institution is working with a heavy debit balance and that as proposals for the revision of the scale of expenditure of the matt making provision for the repayment of the loan have not matured, separate proposals would be submitted in the matter.

* vide annexure to G.O..

On a reference made to the Dharmadarsis of the -- temple at the instance of Government calling for opinion re waiving interest charges, it was resolved at a meeting of the Dharmadarsis held on 21-6-25 that in case arrears of loan still due to the temple are paid in a lumpsum, the interest would be waived.

The Muzrai Department is paying a monthly rent of Rs.~~75~~ 80/- for the Veda Patasala. The payment may be --- withheld and adjusted towards the interest. ~~The Sivaganga Matt authorities may be asked~~ Early action should be taken as regards the final adjustment of the loan.

This is for ... The ME should ... Formal proposals ... collect ...

A sum of Rs.320/- is shown as the annual income from this source in the sanctioned scale, but nothing is being recovered on this account.

1. S.Nos. 52, 47 and 31 in Maliganadu Balur Hobli have been endowed to the deity by one Mr. Hosahalli Subbiah for the performance of Kuditeru utsava in Dhanurmasa. These -- lands have been leased at Rs.50/- per annum for a period of 5 years. The income from this endowment is credited to -- Savings Bank account and the stipulated seva is duly --- conducted every year. The Khata of this land is in the name of the deity.

2. One Kopoal Nagappa has endowed lands in Mavinakere - village for meeting the expenses of Santarpane during

the month of Karteeka. The Khate of the land has been made out in the name of the deity; but the lands are in the ---- possession and enjoyment of the donor's wife. The stipulated seva is being conducted.

a. Mr. Javali Ganesha Rao has deposited Rs.1075/- in the Cash 6¼% State Loan Bonds for meeting the expenses of Santarpane during Ganapati feast out of the interest. This seva is --- regularly conducted.

b. One Mr. Sheristedar Rama Rao has invested 37-8-0 in the 6¼% State Loan for meeting the expenses of distribution of prasada on Ganesha festival out of the interest. The -- stipulated seva is conducted.

d. One Mr. Hosahalli Subbiah Hebbar has invested Rs.237-8-0 in the 6¼% State Loan for payment of assessment on the puduvat lands he has endowed to the temple.

In addition to the above puduvat endowments in the securities there are two more puduvats in Savings Bank Deposits. (Acct.Nos.346 and 366 of Mudageri Taluk Treasury.)

The income from puduvat endowments is not credited to the temple funds, but is kept in the Savings Bank deposits and withdrawn when required.

Amounts are not drawn as allotted in the sanctioned scale. The total allotment is not exceeded but one item of sanctioned allowance is used for another unsanctioned item. This is objectionable and should be - put a stop to.

In the bills drawn the allotment as per sanctioned scale is not adhered to. An estimate for Rs.34,940/- was sanctioned by Government in order No.974-8 Muz.385-20-22 dated 30th January 1926 for water supply to Kalasa town. Two thirds of this amount had to be met from the temple funds deducting the cost of --- materials available amounting to Rs.9923, which had originally been paid for by the temple. So the amount of the present - estimate to be met out of temple funds on account of water --- supply is Rs.13363-10-8. During 26-27 and 27-28 a sum of 10523- has been transferred from the temple funds to D.P.W. towards the quota of charges to be borne by the temple. The work has been completed and 11 taps have been put up. Two more taps

taps have to be put up at Rudrapada a suburb of Kalasa.

A sum of Rs.50/- has been sanctioned as an imprest to the Peshkar by Government in order No.4694-5/ dated 11th April 1906. A sum of Rs.44-15-0 is the balance of imprest with the Peshkar, this day (13-4-28). A sum of 3-9-0 is shown as having been remitted by money order -- to the Amildar Bangalore Taluk on 28-12-17 for getting a plan for a car to be prepared and a sum of 1-8-0 has been remitted on 5-7-20 for the same purpose. The total of these items viz.Rs.5-1-0 is pending adjustment. The M.O. receipts relating to the remittance appear to have been sent to the Taluk with the connected records. As the amount remains unadjusted for a long time, orders should be obtained to adjust the amount in question -- early.

Accounts, Registers etc.,

A cash book in the prescribed printed form is maintained. It goes by the name of "Management Register." This is only a copy of the Muzrai Pass-Book. Daily --- transactions are not recorded in it.

Another register called "the petty cash book" is maintained. Details of payment of Padi and Establishment charges are entered without particulars. This is not a prescribed register and does not serve any purpose.

If the prescribed form of the cash book is properly written up from day to day as transactions take place, it will be a complete record of money transactions. Acquittance rolls of Establishment charges and Paditara charges are - maintained. The payments made during 26-27 could not be checked as the acquittance roll of establishment charges relating to the transactions from 26-7-26 to 1-11-28 hasbeen filed in the Chikmagalur Special Magistrates court as an exhibit in connection with a criminal case against - the ex Peshkar.

The accounts of the temple do not appear to have -- been audited in detail. On 6-4-20 an Assistant Comptroller seems to have inspected the accounts. A copy of the ---

the inspection notes is not available either here or in the Mudageri Taluk office and so it is not possible to say if the accounts were audited in detail. It is desirable that the accounts should be audited in detail and the auditors attached to the Muzrai Commissioner's office will attend to this work.

There are at present about 60 registers, most of these are not required for daily use. The most important of --- these are the cash Book, the acquittance rolls, & Property Register. I have taken a list of these registers. As the registers to be maintained in Major institutions have not been prescribed by Government separate orders will issue as regards ~~to~~ the register to be maintained.

Establishment.

The sanctioned scale of temple establishment consists of 1 Peshkar of the grade of a Taluk Head Gumasta and 2 Shanbogs on Rs.15 each. The Peshkar is the ministerial head and the Shanbogs are his assistants, One Shanbog attends to writing out the Ginasi Kamakarch and other registers. He is the Peshkar's office assistant. The other shanbog maintains accounts --- relating to income from lands. All the accounts are maintained in village forms i.e. Jamabandy Goshwara Pahani Khate, Khirdi etc., The Jamabandy of temple villages was conducted by the Huzur -- Jamabandy officer on 30-1-28. Each shanbog attends to office work and collection work for 3 years at a time by rotation. There is a temple duffedar on Rs.8/- P.M. He attends to collection work in addition to his duties in the temple. There are 51 -- other appointments. The following places have been clubbed.

Archak and Rudra, Archak and Sattigey, Purana and Rudra. Swami Devakari and Sattigey. Ammanavar Devakari and Chowri Siva Sahasranama and Rudra Veda Patastava and Rudra. Yejur and Rig Veda, Sama Veda and Panchanga, Tala Halaga and Sweeper. Pheri Nagari, Pahare and Masalchi. The place of gardener is vacant and Rs.5/- out of the sanctioned pay of the appointment is given -- to the Pheri man as an allowance for doing masalchi work. This is irregular. The pay is insufficient & may be raised to Rs 12,

Separate manner to be called for

An attendance register is maintained by the Peshkar.

Dharmadarsis.

The existing committee of Dharmadarsis was constituted by Government in order No.1786-Muz.280-26-2 dated 21st -- March 1927.

The following are the gentlemen forming the Committee:-

		Number of meetings attended
1.	Dr. Jaya Rao (Convenor)	0
2.	Mr. Javali Ganesha Rao	1
3.	" Davoji Rao	5
4.	" Hoskere Gopalakrishnian	9
5.	" Manjiah	13.
6.	" Kalasiah Hebbar	7
7.	" Venkata Dasappa	3.
8.	" Dharmapala Heggade	0
9.	" Kalasiah Bhat.	4

16 meetings were held till now, since the constitution of the committee and 7 of these meetings had to be ------ adjourned for want of quorum. The attendance of the -- Dharmadarsis is noted against each.

Temple Jewels.

Jewels required for Nityakatle and Hetchuwar are all secured in the temple in an iron safe lodged within the main temple. These are in the joint custody of the -- temple Shanbogs. Messrs Kalasappiah and Ananta Bhat. These have given security bonds and have offered lands worth Rs.3000/- each. The Bonds are stated to be secure in the Taluk Treasury. A register of jewels kept in the temple is maintained. The Amildar Mudageri Taluk has inspected these jewels on 26-1-27.

In the Mudageri Taluk Treasury a sealed box is -- lodged containing costlier jewels. The approximate value of temple jewels is about Rs.10000. About 16 minor temple servants who handle temple property have offered cash security in Savings Bank Deposits. There are many copper and brass vessels. All of these are accounted for in a register.

Supply of articles required for paditara is given

~~fixing~~ given out on contract to local merchant. Tender - rates are filed in the temple. Supply is obtained on --- ~~indent~~ indents. Printed counterfoil book of indent forms is in use. The contractor has offered a sum of Rs. ~~1000~~/7,100/- as security for the due performance of his contract in --- Savings Bank Deposits.

Printed Kinasi Receipt and Issue Registers are ----- maintained by the temple Shanbog, one for Nityakatle (daily) articles and the other for Netchukatle articles.

The form of this register is not elaborate and does not help readily to find out the stock of each article on hand at a glance.

There are two cars, a big one and a small one. The big car is unserviceable. In October 26 a s m of Rs.6000 sanctioned for a new car was transferred to the credit of the P.W.D for getting a new car built up. This amount was placed at the disposal of the P.W.D. in October 1926. It is stated that the contractor has made default. The delay should be brought to the notice of the Chief Engineer. --- The car has not been supplied yet. The temple does not own Vahanams

This is how apparently amended by.

One Police constable and 3 or 4 temple servants watch the temple during nights.

Order No. 310-2 | Muz 12-28-2

Bangalore, dated the 10 August 1928.

Government have perused with interest the Notes of Inspection of the Muzrai Commissioner and are pleased to observe as follows:-

1. The Muzrai Commissioner is requested to address the Chief Engineer and get necessary repairs done (1) to the tiled verandha used as the Yagasala and kitchen in Block I of the temple (2) to the upper floor of the Ramamandiram in the centre of "Anedevar Katte" in Block II and (3) to the Bindumadhavaswami and Durgadevi temples situated at a distance of about 100 yards ~~Xxx~~ from the main temple.

2. It is reported that out of 4151 acres of temple land available for cultivation at least 1000 acres more may be brought under Coffee cultivation. In order to facilitate the speedy disposal of darkhasts for these lands, the Muzrai Commissioner suggests that the temple Peshkar may be entrusted with the work of investigation into Darkhast applications. This proposal does not commend itself to Government. If the Mobli Shekdar is unable to attend to the work in addition to ~~Xx~~ his other duties, it may be worth while to appoint an additional Shekdar, temporarily, on special duty, at the cost of the temple. This alternative may be examined by the Muzrai Commissioner.

3. The question of improvement of the income to the temple from the lands (7 Survey Numbers) in the inam village of Mavinkere, which are in the Khata of the temple and also of the source of water supply to the said lands require early disposal.

Commissioner

4. It is stated that one Angadi Nagappa has built a house on S.No. 25 of the Mavinkere village; that the arrears of assessment on the lands in the village were Rs.129-1-2 on30th June 1927 and that S.No.26 has been unauthorisedly cultivated and that these are all put on the Takrartaka, which is pending for a long time. The disposal of these matters should be expedited.

5. The Deputy Commissioner, Kadur District, may be requested to report very early why no steps have been taken since April 1924 to resume S.Nos. 51 and 52 in the Muzrai Khata of the temple deity and why they are allowed to remain in the possession and enjoyment of one Kattige Subba on payment of only the survey valuation. The delay in taking necessary action in the matter is not satisfactory.

6. It is seen that according to the audited accounts of 26-27, a sum of Rs. 21,264-10-0 has been credited to the funds of the institution, being the sale proceeds of sandalwood. Whether the sandal revenue due to the temple is being credited to the accounts of the temple without delay, and if not, how the arrangement may be improved requires investigation by the Muzrai Commissioner. The Chief Conservator of Forests may be addressed in the matter of affording facilities to the Forester to go out to recruit labour to improve the revenue from sandalwood.

7. Early action should be taken for the recovery of the over due instalments of loan payable by the Sri Sivaganga Mutt to the temple.

8. The irregular practice to notice in the matter of drawing funds otherwise than in accordance with the sanctioned scale and of utilising one item of sanctioned allowance for another item should be put a - - stop to at once.
